Tamil Nadu, India

EDUCATION

B.Tech – Electronics and Instrumentation Engineering
B.S. Abdur Rahman Crescent Institute of Science and Technology
2022 – 2026

Class XII
Paavai Vidhyashram Senior Secondary School, Namakkal
59%

Class X
Soundararaja Vidyalaya, Dindigul
89%

LANGUAGES

- English
- Tamil (Native)
- Hindi (Basic)

CAREER OBJECTIVE

Motivated Electronics and Instrumentation Engineering graduate with hands-on experience in embedded systems, sensors, and industrial automation. Seeking an entry-level role in the IT sector where I can apply my technical skills and contribute to innovative projects while continuously learning and growing.

PROJECT

MULTI-PARAMETER HEALTH MONITORING DEVICE

Developed a wearable/portable health monitoring device to measure multiple vital parameters for visually impaired individuals using ESP32, sensors, DFPlayer Mini and Embedded C.

INTERNATIONAL CERTIFICATION

This project has been awarded an International Certificate of Recognition for Innovation in Embedded Systems / Health Technology.

(Certificate issued by an International Organization)

INTERNSHIPS

- **Gherkins Agro Exports** – Industrial instrumentation and process monitoring.
- **Excel Die Castings** – Manufacturing processes and maintenance exposure.

TECHNICAL SKILLS

- Embedded C
- Arduino
- ESP32
- Sensors
- Microprocessor and Microcontroller
- Python (Basic)
- Proteus
- PLC Basics
- Arduino IDE
- Microsoft Office

SOFT SKILLS

- Communication
- Team Work
- Problem Solving
- Time Management

CORE SUBJECTS

Industrial Instrumentation, Process Control, Embedded Systems, Sensors & Transducers, Analog & Digital Electronics

CERTIFICATION

- International Certificate of Recognition for the project **"Multi-Parameter Health Monitoring Device"** (Issued by an International Organization)
